Thorough manual for pdf lovers. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

The History Press Ltd. Paperback. Book Condition: new. BRAND NEW, Leominster, Eric Turton, Drawn largely from the archives of Leominster Museum, this book is a wide-ranging collection of nearly 200 old photographs, postcards, and intriguing pieces of printed ephemera. Author, and curator of the museum, Eric Turton has taken nine themes, ranging from local politics to the changing face of Leominster's streets and buildings, and with them explored several aspects of the rich history of this ancient Herefordshire market town. The work of some of the area's earliest photographers, such as Robert Jones and Edward Evans, is carefully presented and offers fascinating and vivid snapshots of nineteenth-century Victorian Leominster. The past of this rural English community is recreated in detail, bringing alive a society in which the influence of the great houses of the area was still substantial, railway lines cut through the countryside in several directions and each national celebration found massive and enthusiastic local expression. This collection is sure to enchant readers of every generation.
