Filesize: 8.51 MB

Reviews

A must buy book if you need to adding benefit. It can be rally intriguing throgh reading time period. I am easily could get a pleasure of looking at a composed book.

(Dr. Julius Goodwin DDS)

FILM IS UN-DEAD: REASONS YOU SHOULD GET (BACK) INTO FILM PHOTOGRAPHY AND WAYS TO TRULY ENJOY THE ANALOG EXPERIENCE (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.Did film die? Yes, it did. However, you will find that film is still around. Film, as well as analog cameras, are best described as un-dead. If you look closely, you will find that in the shadows there is an army of enthusiastic film shooters. Professionals and hobbyists alike keep the art and craft of analog photography from dying completely-and they re doing a great job. First and foremost they are creating great photos. Their pictures are seen on billboards, ads, galleries, books, and all over the Internet. Once you start looking, you ll realize analog shooters are everywhere. Like all good vampires, they walk the earth with grace, are pretty darn sexy and don t really care about hype and current trends, for their magic has been around for ages and will never disappear. This book was written as a labour of love of one passionate film photographer to all those digital shooters who are thinking about getting (back) into analog picture taking. It offers tips, pieces of valuable advice and is simply a fun read for any and all who love photography in its purest form.
