Win the tax game Borrow more money from your banker If you need to know any or all of these how to s, Dick Levin s practical book is a must. He begins with a basic review of accounting terms, takes you through analysis of actual finan-cial statements using industry ratios, answers your questions about where the money comes from and where it goes, explains why rapidly growing companies do not always generate the money they need to stay alive, and winds up giving you sound advice about income taxes. Using an anecdotal approach, Dick Levin makes accounting, finance, and tax laws interesting and easy to understand.
