THE WORDS OF WILLIAM: VOLUME ONE (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Despite being a young man of few words, over the years William (who has been diagnosed with Aspergers) has shared some of his startlingly original thoughts and ideas with his friend Jan. Those she has managed to hold on to - ranging from childhood conversations, through adolescent ponderings to carefully constructed written articles - are now reproduced here, on subjects ranging from reincarnation to remote viewing; molecules to multiverses; dimensions to dowsing and tornadoes to time travel. The Words of William offers a unique, intriguing and often surprising look into the world of someone who has what he calls a different way of thinking, viewing information and processing that information . He speaks about the map of all the atoms in the universe and much else that he just knows . In his world, a bottle moving across a table or a football across a yard can be the result of a moment s focused, telepathic intention and millennia of cause and effect, at one and the same time. Through William s deceptively simple words, you may find yourself entering and exploring places in your own mind - places you never knew existed.
