Finance for IT Decision Makers, Second Edition: A Practical Handbook for Buyers, Sellers and Managers

By Michael Blackstaff

BCS, The Chartered Institute for IT/Viva Books, 2008. Softcover. Book Condition: New. 2nd edition. Many ?IT? people don?t like ? finance? very much. ?Finance? is the thing that has incomprehensible jargon, shrinks benefits and charges the budget with costs that were never incurred. Finance for IT Decision Makers fills the twilight zone where the two disciplines meet. Finance is fundamental to the IT world, as it is to most other aspects of life, both business and non-commercial. However, many employees lack knowledge of the particular financial principles on which decisions about IT should be based ? decisions that often have serious financial implications for their organizations. Assuming no prior knowledge, written in plain language, and with many practical examples, Finance for IT Decision Makers covers, step by step, those aspects of finance relevant to IT professionals. It is ideal for IT decision makers ? managers, practitioners, buyers, sellers, consultants, and project managers ? who wish to conquer their fear of ?finance?, or refresh existing knowledge. ? IT financial cases ? how to build and evaluate them ? IT financing method ? benefits and pitfalls ? IT outsourcing ? financial aspects ? IT assets ? depreciation and taxation ? IT ? relevant...

Reviews

Here is the finest publication i have read through until now. I am quite late in start reading this one, but better then never. I am just easily can get a pleasure of studying a created publication.
-- Morgan Bashirian

Very useful to all category of individuals. It is one of the most amazing publication i have got read through. You will not feel monotony at anytime of your respective time (that's what catalogs are for about when you question me).
-- Mr. Johnathon Dach
