

Practical Organic Chemistry (For The Beginners)

By Tanya Das & Amalendu Banerjee

NCBA Publisher, New Delhi, 2012. Soft cover. Book Condition: New. First. 242pp. The book, more of an instructive type than a descriptive one, shall remind the readers of the fact that Chemistry is basically an experimental science where theory and experiment go hand in hand. The experiments included in the text have been mostly repeated in the laboratories with utmost satisfaction, while a few recent findings have also been incorporated to keep the book updated.
