Property for Life is an essential guide to the property and finance decisions that Australian homebuyers and investors face throughout the various ages and stages of their lives. The book follows them as they buy their first property, have a family, upgrade to a new home, buy an investment property, downsize to a lower maintenance home when their children leave the nest and finally use property as a source of income in their retirement years. As Jim and Jane reach the various property milestones in their lives, the investing principles and general property and financial options available and the pros and cons of these are covered. Issues covered include: * saving for a deposit * securing a mortgage * mortgage insurance * researching the market * scouting the market * negotiating the purchase * preparing your home for sale * developing an investment strategy * reducing debt * tax effective investment * asset protection * maximising cashflow * planning for retirement * dealing with life changes eg having children, working for yourself Through Jim and Jane s story, Property for Life brings a human dimension to property investing that other books lack.
