AN OUTLINE SKETCH, PSYCHOLOGY FOR BEGINNERS (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from An Outline Sketch, Psychology for Beginners The main object of a beginner in Psychology is to acquire psychic insight and familiarity with method, and I have tried to keep this end in view in this little book. The student from the very beginning should be told as little as possible, but should learn and conclude for himself from the simplest observations and experiments. Hence the teacher should see that the scholar in all cases does the original exercises at the point indicated in his own reading, writing them in the blank pages provided at the end of the book; and the teacher should to some extent repeat and expand these exercises in the class. I have given no references to other books, and outside reading I consider to be confusing to the beginner; though, of course, the teacher should be familiar with the standard literature of the subject. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
