

Global Health 101 (3rd Revised edition)

By Richard Skolnik

Jones and Bartlett Publishers, Inc. Hardback. Book Condition: new. BRAND NEW, Global Health 101 (3rd Revised edition), Richard Skolnik, Rated by an independent panel as the best introductory Global Health text for undergraduates, Global Health 101, Third Edition is a clear, concise, and user-friendly introduction to the most critical issues in global health. It illustrates key themes with an extensive set of case studies, examples, and the latest evidence. Particular attention is given to the health-development link, to developing countries, and to the health needs of poor and disadvantaged people. The Third Edition is a thorough revision that offers an extensive amount of new and updated information, while maintaining clarity, simplicity, and ease of use for faculty and students. Offering the latest data on the burden of disease, the book presents unique content on key topics that are often insufficiently covered in introductory materials, such as immunization and adolescent health. Key Features: * New chapter on Adolescent Health-an important but largely uncovered topic in the existing Global Health literature * Expanded chapter on Child Health with special attention given to immunizations * Expanded coverage throughout on the topic of health disparities * The latest information on nutrition including the Global...

Reviews

It is one of the most popular books. I am quite late in starting to read this one, but better than never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Camille Larson**

Very good e-book and beneficial one. I am quite late in starting to read this one, but better than never. I am effortlessly getting a pleasure of looking at a written book.
